APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 0.25 cubic-foot of water per second herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.25 cubic foot per second.

Actual construction work shall begin on or before March 22, 1959.

Proof of commencement of work shall be filed before April 22, 1959.

Work must be prosecuted with reasonable diligence and be completed on or before March 22, 1960.

Proof of completion of work shall be filed before April 22, 1960.

Application of water to beneficial use shall be made on or before

March 22, 1960. Proof of the application of water to beneficial

use must be filed with State Engineer on or before April 22, 1960.
